SASHA SINKLER

About Me

I am completing a bachelor's degree in Music Business at Solent University, and hope to go into the music industry after. After graduating high school, I took a year off and worked as a PA for documentary shoots, developing skills in videography, photography, sound and post production. I am best suited for work that combines my passions in music, video and art, and I always put a lot of effort into things I'm passionate about.
